

What is the Learning Connection Program?

The Learning Connection Program offers FREE weekly classes that parents and children attend together. Through the weekly classes parents build nurturing parenting skills, while children gain confidence and positive self esteem. All families with children birth to five years of age are welcome to join the fun weekly classes.

Why should I come to school with my child?

Parents are their child's first and most important educators. In the first five years of life, a child develops physically, intellectually, emotionally, socially and psychologically at the fastest pace in his/her life. The Learning Connection strengthens families by offering parents support in providing the best possible environment for the healthy growth and development of their children.

As a Parent you will:

- Create effective communication between you and your children
- Strengthen your social and community connections
- Increase your confidence and feelings of support in your efforts in raising your children
- Expand your knowledge of child development and positive parenting techniques
- Develop skills and strategies to solve or manage family problems with positive results
